One parcel each man and under 3 pounds.

Sender must be provided with label by person for whom gift is intended. Parcels to members of the American Cross Station before delivery to Post Office authorities. Time limit, Nov. 20.

The War Trade Board issues the following:

According to a new ruling (W. T. B. R. 305), shipments of Christmas parcels to members of the American Expeditionary Forces may be made under special license RAC-43, provided that the sender complies with the regulations of the War Department, Red Cross, and Post Office Department as to such shipments.

These regulations provide that one parcel will be accepted through the Red Cross by the War Department for each soldier overseas.

One Label for Each Soldier.

Each soldier will be provided with one Christmas label. This label will be forwarded by him to the person in the United States from whom he wishes to receive his package. Packages that do not bear this label will not be accepted by the Red Cross for delivery to the Post Office authorities. Christmas parcels must be placed in cardboard boxes 3 by 4 by 9 inches in size. These boxes will be provided to holders of labels by the American Red Cross, and together with each box will be given complete instructions regarding the articles which may be sent, and a list of the articles which are barred by the postal authorities. When the parcels are packed, but unwrapped, they must not weigh more than 2 pounds 15 ounces.

When packed, the box, should be taken unsealed and unwrapped to the nearest collection station designated by the Red Cross, ready for inspection. The Red Cross, representatives are authorized to remove objectionable articles from parcels. The parcels are to remain in the custody of the Red Cross until delivered to the postal authorities.

Shipments of Christmas parcels to:

(b) individuals serving in the armies of the allies in Europe or in any of the allied Expeditionary Forces elsewhere may be made under special license RAC-43 only by the nearest living relative in the United States of the proposed recipient. If the sender is not a relative of the proposed recipient, he is not permitted to make shipment under these special Christmas regulations. Christmas parcels so shipped must conform to the regulations as to size and contents described above, and in addition the sender thereof must file a statement with the nearest station of the Red Cross in effect as follows:

"The undersigned hereby makes application to forward to (name), (address), a Christmas package. The undersigned hereby represents and declares that he or she is the nearest living relative in the United States of the proposed recipient and that the applicant, in the calendar year 1918 has not made or will not make any other Christmas shipment to the above-named consignee."

If there are two relatives equally connected with the recipient either one, but not both, may send a parcel, but two or more of them may jointly send a parcel.

After presentation and proper approval of an application the Red Cross will mark the application "approved" and will give to the holder thereof a box 3 by 4 by 9 inches in size, together with which will be given complete instructions as in the case of parcels destined to members of the American Expeditionary Forces.

Together with the box, the Red Cross will return to the applicant the application marked "approved."

No Christmas package will be accepted by the Red Cross for shipment after November 20, 1918.

If the American Red Cross has approved the forwarding of a package under special license RAC-43, and the inspection label of the Red Cross is affixed thereto it is unnecessary to apply to the War Trade Board for further permission to ship under this license.

COLDS AND GRIPPE YIELD TO CALOTABS OVERNIGHT

To break up a cold over night or to cut short an attack of influenza or grippe, physicians and druggists are now recommending Calotabs, the new nauseous calomel, that is purified from all dangers and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomel, heretofore recommended by all physicians.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your whole system feels refreshed and purified. Calotabs is sold only in original sealed packages, price thirty-five cents. Recommended and guaranteed by all druggists. Your money back if you are not delighted.

CHANCE TO CONSERVE.

Texas will send to the American soldiers in France a great quantity of sweet potatoes dried in such a way that fifty-six pounds of the tubers are reduced to eleven pounds without any loss in food value. Pity that most of the speeches in the Congressional Record could not be similarly treated to conserve white paper and save the burden on the mails.

CHAMBERLAIN'S COUGH REMEDY.

Do not imagine that because other cough medicines failed to give you relief that it will be the same with Chamberlain's Cough Remedy. Bear in mind that from a small beginning this remedy has gained a world wide reputation and immense sale. A medicine must have exceptional merit to win esteem wherever it becomes known.

Children Love Cascarets—10c

Candy cathartic is harmless to tender stomach, liver and bowels

Your child is bilious, constipated and sick. Its little tongue is coated, breath is bad and stomach sour. Get a 10-cent box of Cascarets and straighten the youngster right up. Children love this harmless candy cathartic and it cleanses the little liver and thirty feet of bowels without griping. Cascarets contain no calomel and can be depended upon to move the sour bile and poison right out of the bowels. Best family cathartic because it never cramps or sickens like other things. (adv)

WORLD'S GREATEST EFFORT

This year's International Live Stock Exposition will present the largest array of live stock ever gathered together. It is a matter for congratulation that the United States has been able not only to preserve but augment its seed stock during the war period, while European herds and flocks have either been destroyed or depleted.

This seed stock is of inestimable value and much of it is not for sale at any price. It represents the achievement of American and European breeders during many years, both across the Atlantic and on this hemisphere.

Probability exists that part of these herds and flocks will go to Europe during the reconstruction period, and the "1918 International" will afford an unprecedented opportunity to witness the present animal wealth of the North American continent.

The "International" is the world's greatest live stock display. At enormous increase in expense, both by exhibitors and the management, this show has been staged this year with added features and increased numbers. Breeders have not only loyally responded to the request of the management for a creditable display, but displays will show that advancement has been made during a period of unprecedented stress.

This gigantic exhibit may not be possible of repetition during the post bellum period, hence we urge seeing this wonderful show during the first week in December. (11)

SWITZERLAND EXPOSES ANOTHER CUTE "KULTUR" PLAN.

Regulations intended to prevent German-owned firms with factories in Switzerland from exporting their products under the guise of Swiss goods after the war have been adopted by the Swiss Chamber of Commerce in connection with the establishment of a new national trademark for all Swiss exports.

The regulations provide that use of the trade-mark be confined to firms two-thirds of whose capital is Swiss and to goods that actually are made in Switzerland exclusively by the Swiss. It is known that many firms operating in the country which are ostensibly Swiss have been established by German capital, or acquired from their original owners by German manufacturers, in order that an apparently neutral outlet might be secured for German-made goods in the post-war period. The president of the Geneva Chamber of Commerce is quoted in advices here as stating that control of these will not be easy, but that the chamber is alive to the probability of improper use of the trade-mark and Swiss manufacturers are being asked to bring cases of this kind to official notice.

Did one of these 200 letters come to you?

A DUSTY courier slid off his motor-cycle at the big double hut in a French town and tramped up to the canteen.

"Got a note for the secretary from my commanding officer," he said. He handed a piece of paper across the counter to a smiling middle-aged man.

This is the note the Secretary read:

We landed here three days ago—miles from anywhere. Can you send us some supplies, especially writing paper? This is the first chance the boys have had to write home and we have no paper to give them.

The older man looked up and grinned.

"Got you away off in the woods, have they?"

"I'll say they have!"

"Can you carry anything?"

"All you'll give me!"

From the shelves the secretary took big packages of paper and envelopes.

"Too much?" He asked.

"It will be gone ten minutes after I get back!" said the boy.

"Tonight," the secretary went on, "I'll drive out a truck with more supplies and a man to stay with you. And tell the boys that if their letters are finished, I'll bring them back with me tonight, and get them into the mails."

An hour later that motor-cyclist whizzed into camp, loaded down with writing paper, and in ten minutes letters were being written to 200 American homes.

The United War Work organizations know what letters mean to American soldiers. They know that fighters want to get letters and want to write letters.

So in every hut and on every ship your boys find writing paper, envelopes, ink, pens and pencils, and tables where they can get off by themselves and tell the folks back home how things are going.

Millions of sheets are given away free every week to American boys overseas. That is why the letters you get from your boy are written on the stationery of one of these organizations. It is one of the plans to bridge the Atlantic. Help keep the letters coming! Your dollars will supply a whole Company for several days. Dig deep today; help to bind together France and here.

Why you should give twice as much as you ever gave before!

The need is for a sum of 70% greater than any gift ever asked for since the world began. The Government has fixed this sum at \$170,500,000. By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their:

5,600 Recreation Buildings	2,500 Libraries supplying 5,000,000 books
1,000 Miles of Movie Film	85 Hostess Houses
100 Leading Stage Stars	15,000 Big-brother "secretaries"
2,000 Athletic Directors	Millions of dollars of home comforts

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs. Now give to maintain the Morale that is winning the war!

UNITED WAR WORK CAMPAIGN

Now that the boys "Over There" have won the war for us, let's show our gratitude by GIVING THE LIMIT for them.
